

1.10 Quality Policy Statement

Quality management committee is consist of Principal and Director, the committee is responsible of coordinating with awarding body to ensure that its requirements are fulfilled and will make sure that all concerns and recommendations received from the awarding body is implemented.

It will also implement Academy's own quality policy as follows:

Sentinel Academy expects all staff to provide a high standard of service and ensure delivery of quality provision. It requires all staff:

- ✓ To undertake activities to ensure that such standards of service are met
- ✓ To participate in continuous professional development in order to maintain and improve standards
- ✓ To quality assure all provision to standards set through accreditation by the Academy or local and national bodies
- ✓ To be involved in the review of their service/provision on an annual cycle which results in actions/targets for the coming year incorporated into the area's operational plan
- ✓ To take account of the outcomes and views of end users and other stakeholders in reviewing provision
- ✓ To support a culture of continuous improvement through openness and a willingness to share examples of good practice
